

List of Companies who have signed the EELQMS (oil marketer's) Letter of Conformance

Brussels, May 30, 2006

Update number: 90

Participation in the European Engine Lubricant Quality Management System (EELQMS) implies a commitment to develop and manufacture those engine oils for which compliance with ACEA Oil Sequences will be claimed, or to have such engine oils developed or blended by third parties, in accordance with the guidelines, described in the ATIEL Code of Practice as well as a commitment to ensure an independent audit of the development and manufacturing process. These commitments are made in a "Letter of Conformance", issued by the participating entity to ATIEL.

ATIEL confirms that it has registered the declaration of the following entities' participation in EELQMS*:
